

Carlyle Offers On-Line Technical Specifications

SYRACUSE, New York, June 30, 2008 -- Carlyle Compressor has published its entire catalog of electronic drawings for Carlyle reciprocating compressors and accessories on-line. This web-based technical information gives users instant computer access to complete technical specifications for all Carlyle compressors.

“We are continually looking for ways to help our customers improve their efficiency,” said Amber Thousand, Carlyle Compressor marketing manager. “By making these materials accessible on-line we are helping our customers become more efficient. As a customer-focused company, Carlyle is constantly looking for ways to help our customers compete.”

“These on-line drawings can be extremely helpful to OEMs and servicing technicians,” said Thousand. “When planning a job, engineers can now quickly and efficiently spec the Carlyle compressor model that is right for the application. This saves valuable time, and can make our customers more competitive.”

The technical information is available on-line in DXF, Pro E, IGES, STEP and PDF formats at www.CarlyleCompressor.com.

About Carlyle Compressor Company

Carlyle, based in Stone Mountain, GA, is a leading supplier of compressors to the worldwide refrigeration and air-conditioning industries.
